NEWS OF THE MORNING.

The *Baltic* arrived yesterday, but we have but meagre details of her news. The articles of peace however, are signed. This and the news of a rise in the market, are the leading items. The details last night scarcely confirm our private despatch as to the rise, but the advance in New York seems to do so.

Several interesting letters will be found, from various quarters, and numerous state items.

The boats of the American Transportation Co., are announced. A brief note of the doings of the late tornado in the east is given.

We present an abstract of the new law concerning county agricultural societies,

Our advertising columns are full, as usual, of new favors.

DESTRUCTIVE TORNADO.—The telegraph on Monday last made mention of great damage done by a tornado in and near Philadelphia. It seems, by late accounts, that the storm raged with greater or less violence in several portions of Pennsylvania and Ohio on Saturday evening, 12th, inst.

At Philadelphia, two churches, a school house, a railroad depot, a large iron-foundry, and some 150 dwellings were badly damaged, and some of them entirely ruined.

At Pittsburg, the storm commenced at 6½ P. M. The fire bells were rung, and the department put on duty. In the city, not much injury was done save the unroofing of a few houses. In Allegany City, the injury was more severe. The new bridge across the river was destroyed, having cost $32,000.

All along the line of the Ohio and Pennsylvania railroad, houses were blown down, and trees thrown across the track. At Beaver two dwellings were destroyed, and two lives lost, and a new Female Seminary building uncovered. At Bridgewater the gable end of a church was carried away. At Harmony, 16 houses, all there were, were demolished; and a great deal of damage done to buildings in that region.

At Alliance, Stark Co., a church and 15 houses were destroyed. The roof of the Exchange Hotel was blown off; four brick buildings, had the fronts thrown into the street, and a man who was passing instantly killed. All through that region of country, immense damage was done to buildings in the villages and to farm houses. As many as 25 lives are known to have been lost by this terrific storm.

COUNTY AGRICULTURAL SOCIETIES.—The Legislature at the late session passed a law providing for the organization of County Agricultural Societies, the general features of which we give here for the benefit of the farmers of the State.

Sec. 1.—Confers the usual powers of corporations, with power to hold necessary real estate.

Sec. 2.—requires written articles of association, subscribed by the members, specifying the objects, and naming the time for the first meeting.

Sec. 3.—The officers to be a President, Vice President, Secretary and Treasurer, to be chosen annually, with such other officers as are necessary.

Sec. 4.—May adopt such by-laws as are necessary.

Sec. 5.—Records must be regularly kept.

Sec. 6.—Such society, after having raised $100 of themselves, actually paid in, and certified the fact of the organization and of such payment to the Secy. of State, may receive $100 from the State Treasury.

Sec. 7.—Such moneys to be paid out for premiums.

Sec. 8.—Societies to report each November to the State Treasurer, the monies received and paid out, and the number of members.

Sec. 10.—Foreign Stock owned and kept in the county for six months previous to fairs, to be placed on the same footing as native stock.

THE PACIFIC.—The two steamers sent out by the British Government to search for the missing steamer *Pacific*, were despatched at the instance of Mr. Oakford of the firm of Croskey & Co., agents at Southampton for the N. Y. & Bremen line. He thought that the steamer might have been for several weeks drifting, disabled, at the mercy of the winds, to the north west of Ireland, and within 500 or 600 miles of the coast. There is very small ground for hope.

THE FRUIT AND THE FROST.—The Editor of the Chicago *Press* has been out in his garden—happy man, to have a garden!—examining his fruit-trees. We give his experience for a comparison, if any will make it, with the condition of trees in this region.

Of Summer pears, out of 8 kinds, the Bartlett only survives, and that is injured.

Of Autumn pears, out of 15 kinds, the White Doyenne is just living, and the Louisa Bonne de Jersey, Swan's Orange, and Urbaniste are injured.

Of winter pears, 3 kinds, the Passe Calmar is uninjured, and the Glout Morceau may survive.

Of plums, 6 kinds, all are dead but the Duane's Purple, which is unhurt.

We have preserved the whole list, for the benefit of any one who wishes to see it.

MORE BOOKS.—In the House of Representatives on Wednesday, Mr. Tyson, from the library committee, reported a joint resolution for the purchase of 15,000 copies at five dollars each of Kane's narrative of the Arctic Expedition, for distribution among members of the Congress, and authorizing the Secretary of the Navy to have appropriate medals struck off and presented to Dr. Kane, his officers and men, expressive of high esteem which Congress holds their respective services.

Passed, under the operation of the previous question.

NAPOLEON'S CLAIM TO THE THRONE OF TERRY.—A correspondent of the National *Intelligencer*, has hunted up in the ancient records, an act of Andrew Paleologus, the last of the Emperors of the East, dated Sept. 6, 1491, in which he conveys to Charles VIIIth of France, the Empires of Constantinople and Trebizonde. Louis Napoleon has thus a chance to "extend the area of freedom" (?) by prosecuting his claim.

☞ Hon. John Townsend, a State Senator of South Carolina, has remitted to the Kansas Association of Charleston, $500. He offers that, if fifty gentlemen in the State will each subscribe $500, he will add another five hundred.

Here is an example for Northern men to follow.

ROCK ISLAND BRIDGE.—The Galena *Advertiser* says that the captains of steamers complain of this bridge as making them great trouble in the night, and when a high wind is blowing. The *Royal Arch*, on a late passage up, was detained 24 hours by the bridge.

A GOOD APPOINTMENT.—We learn from the Madison *Journal* that GOV. BASHFORD has appointed JACOB H. PRUS, Superintendent of Public Property, vice JAMES HALPIN, removed. This is an appointment every way fit to be made. Mr. PRUS is a sober, industrious and honest man, a Norwegian by birth and a American by adoption. The *Journal* says of him:

We are glad that this appointment has been made, because we believe he will make a faithful and efficient officer, and, furthermore, because the great proportion of the Norwegian voters gave the Republican ticket their cordial support last fall, and it is proper that the Governor should remember them in his appointments.

Correspondence of the Sentinel.

From the State Capital.

MADISON, April 14.

It was on Saturday afternoon last that I walked along a principal avenue in this goodly town refreshing myself with a perusal of the *Argus & Democrat*, wherein I read an article from the indignant editor in defence of "Jimmy Halpin" who had been removed, as the *Journal* stated, from the office of Superintendent, for too frequent devotions to a worthy and ancient "god."

Now the *Argus* denied this emphatically, and spoke of Erin's worthy son as an influential member of a temperance order, and I could not but deplecate the course of the *Journal*, in thought, and sympathize with "the slandered teetotaller." Musing upon unfortunate "Jimmy," and the "libellous" *Journal*, I raised my head slowly and sorrowfully when—No—it could not be!—Shades of defunct temperance organizations!—Was it a ghost from the tomb?—A spectre!—Alas for fallen man!—Alas! that Eve should ever have eat that "pippin!"—Alas for the veracity of the *Argus*!—Alas for everybody and everything!—There was "Jimmy Halpin"—the veritable "James"—navigating with extreme difficulty, and utterly regardless of democratic principles, endeavoring to monopolize the entire walk. Deviating to the right—now to the left—halting—and then making a desperate plunge, all the while soliloquizing in a confused and muttering tone. I folded the *Argus* carefully—put it in one corner of my deepest pocket—and inwardly resolved, hereafter, not to believe every thing that appears in the papers.

The labors of the "Investigating Committee" are rapidly drawing to a close. All the books have been copied, and nothing now remains except footing up, comparing, and making out a report. This will be accomplished some weeks sooner than the Committee anticipated. From twelve to sixteen clerks have been regularly employed since the adjournment of the Legislature, and Judge Potter, of Walworth, has been here most of the time superintending the investigation. He is the only one of the Committee that has remained in attendance on this duty, and is deserving of considerable praise for the sacrifices he has made by staying here and leaving the business and pleasures of his home.

The books of the different departments have been kept, for the past few years, in a most loose and shameful manner. In fact they have not been "kept" at all, and it is very difficult to make head or tail out of them. Some rich developments may be expected in the report of the Committee, and the eyes of the people will be "considerably" opened. They will see how the trust they have confided to certain officials has been betrayed, and be more wary and careful in the future.

I would like to impress upon Republicans throughout the State the necessity of sending "good men and true" to the State Republican Convention to be held in this city on the 4th of June next. Much will depend upon the action of this convention and it behooves all, who have at heart the welfare of the Republican party, and the success of Republican principles, to join hand and heart, and labor earnestly and assiduously in advancing the cause of Republicanism and of liberty. By a proper organization, and active exertions, Wisconsin will give the Republican Presidential nominee an overwhelming majority, and bury sham Democracy, with its Pro-Slavery leaders, in the grave of oblition. Yet we must not be too sanguine, nor trustful, but putting our shoulders to the wheel, make every exertion in our power, and use every honorable agency we can employ, to make our hopes realities.

The report concerning Justice Cole's illness has become greatly exaggerated. I learn that nothing serious is the matter with the Judge, his sickness being of a trivial and unimportant nature.

The Executive chamber has been handsomely furnished and refitted, and Governor Bashford wears his hard-won honors gracefully and well.

For the Sentinel.

Fun for a Dime or so.

HORICON, April 16th.

MESSRS EDITORS:—If some of your care and toil worn invalids who are wasting their manhood in gloomy hypochondria, would "throw physic to the dogs," and take the cars to this place with guns, ammunition and spears, they would have more live fun at the present time in one day than can be raked out of Milwaukee in a whole month. Fishing now for Pickerel is active in Rock River. Men and boys take them by the score every night. And they are "Pickerel as are Pickerel," weighing from 2 to 20 pounds. Some are so large, that the boys who spear them are drawn into the water in trying to pull them out, a sport which they seem to enjoy in a high degree.

As for duck shooting, it is just the rarest spot in creation. The lakes beautiful and the ducks the finest to be found. A man with good dogs, can either traverse the shore or take a boat and find plenty of enjoyment every day. Pigeons are like snow flakes almost, in quantity, and easily found in all directions.

Any one visiting Horicon, will find Veile, of the Horicon Hotel, up and dressed for all matters of convenience in the way of facilities, and with an accommodating spirit always ready to administer to the comfort of his guests, nor does he take advantage of strangers in the way of charges.

This village is growing rapidly, and promises to be one of the first places for business in this region, affording ample inducements to capitalists and business men of all classes, to make it a home.

The business on the Rail Road is quite active this spring, and promises to be good for the season.

A large number of good mechanics would find employment, in the great number of buildings now under way.

Yours &c.,
MILWAUKEE

☞ The Milwaukee papers have it that Volney French is elected Mayor of Kenosha instead of Volney Hughes. Our distinguished citizen, now in Constantinople, will feel proud no doubt when he hears of the honors conferred upon him at home during his European travels.—*Kenosha Democrat.*

MR. FRENCH may thank himself for the honor thus conferred upon him. If he didn't want the Milwaukee papers to make him Mayor of Kenosha, he had no business to write such readable letters to the *Sentinel*. There is no telling but what he may even get to be Governor, as one of our earlier European correspondents did.

LATEST FROM KANSAS.—A part of the following paragraph from the *Herald of Freedom*, of the 29th ult., will be very distressing to those newspapers which think that the freemen of Kansas ought to stand still and be shot down like beasts, for the great honor and glory of Franklin Pierce:

Fifty-six boxes of improved United States rifles, with twenty in a box, were received at the warehouse of Walker & Chick, in Kansas Mo., a few days ago, directed to Governor Shannon; also two field pieces. The same number of boxes were landed at Fort Leavenworth. They were, no doubt, the two thousand stand of arms the Kansas from the Government, mentioned in Gov. Reeder's message last July; but while Shannon is Governor they will be at the service of the border ruffians. One hundred and fifty southrons came up the Missouri in one party a few days ago They had two cannon with them. They are bringing with them all the munitions of war.

NAVIGATION.—The ice in Lake Winnebago is fast breaking up, and if the present favorable weather should continue for a few days longer, boats will commence running much earlier than has been expected. The ice in Lake Poygan still impedes the river navigation, but we understand that Mr. Fitzgerald intends to send one of his boats up on Wednesday next, and that there is a fair prospect that she will be able to get through.—*Oshkosh Gourier.*

SHIPMENTS OF FLOUR.—The steam tug Austin left Albany on the 13th, with thirty barges in tow, containing 25,000 to 30,000 barrels of flour for the New York market.

☞ A paper has been started in DeWitt, Clinton county, Iowa, called the DeWitt *Clinonian*.

From Kansas.

We have received a letter from Mr. LADD, our old Kansas correspondent, dated March 5th, which has for some reason been delayed so long on the way as to have been anticipated as to much of its subject matter. We give the concluding paragraphs only:

LAWRENCE, March 5th.

But there is danger of invasion in another form from Missouri and other slave states. There is no possibility of mistake, I think, of the fact that a very large emigration, or pretended emigration, from the Slave States, for the purpose of actual and assumed settlement in the territory, to determine by numerical superiority the question of slavery here, is projected, and fully organized, and will commence on the opening of the season. If we are prepared by counteracting numbers for this emigration we welcome it with uplifted hands, but to be secure we must have men, that is settlers, from the north, as well as money.—It is possible, and to my mind probable, that the danger of civil war, in connection with this question, is passed, but the war is by no means ended. A deeper and more subtle game is to be played, one which cannot be successfully met and conquered except by skill and numbers.

It is thought that neither Reeder nor Whitfield will be admitted to a seat in Congress, but that the matter will be again submitted to a vote of the people of its Territory, in which event this emigration from the slave states will be overwhelming, unless we receive a counteracting torrent from the north. Depend upon it, it is in this manner that they propose hereafter to meet and settle this question, and having the dis-fran-chising laws of the *pseudo* Legislature, supported by the power of the general Government, and the facility of emigration from the borders in their favor, there is a chance, and more than a chance, that they will succeed in presenting such evidences of the election of their candidate by the popular vote of the actual settlers of the Territory as shall secure from this halting and double dealing House of Representatives in Congress his admission. In fact I hardly see how it is possible for any number, however large, of the free state party to succeed in an election conducted in accordance with the acts of the Missouri Kansas Legislature, unless they consent to accept those laws, which it seems impossible that they should do. If Congress shall pass a law for our protection at the ballot box it can or will scarcely be so construed as to accomplish the object professed.

The spring seems to have opened upon us finely. I never experienced so severe a winter, or saw the thermometer at so low a figure as here during the winter just passed

Yours, &c.,
E. D. L.

THE "SEARCH AND SEIZURE" LAW OF VIRGINIA.—The N. Y. *Evening Post* thus remarks upon the recent seizure of the schooner *Maryland*, by the authorities of Norfolk, on suspicion of having Slaves on board—which suspicion proved unfounded, though the Captain was fined *five hundred dollars* to "pay for heating the poker."

The city of Norfolk was nearly decimated, about a year ago, by the yellow fever. In the height of her distress, three or four Northern cities, and the city of New York especially, subscribed many thousands of dollars—we do not recollect now precisely how much—for the relief of the suffering city. The first public acknowledgement of our generosity, by the authorities of that port, that we heard of, is the arrest of the Captain and crew of a New York schooner for refusing to allow his vessel to be searched upon the groundless suspicion of having Slaves concealed on board. If they should ever again be visited by pestilence, we hope that in the hour of their distress this proceeding, as like disgraceful to the State and city in which it occurred, may not be remembered against them. The people of the United States have once taken up arms against the most formidable power in Europe, rather than submit to the right of search which the authorities of Virginia have attempted to exercise upon this New York company.

"It is instructive to remark," by the way, that those democratic papers which were so horrified at the violation of private right, involved in the "search and seizure" clause of the Maine Liquor Law, have not a word of objection to interpose to the infinitely more tyrannical and oppressive enactment of Virginia.

GOV. SEWARD'S SPEECH—WHAT IS SAID OF IT.—We hope to be able, before long, to furnish our readers with either the whole or the most of this last great effort of the distinguished Senator from New York, its great length, and the amount of matter pressing upon our columns daily prevent us at present from doing so. How far the speech commended itself to those who heard it, and have read it, may be judged by the following extracts.

Gen'l Webb, who has been in times past bitterly hostile to Gov. Seward, writes from Washington:

Governor Seward has just finished a speech upon the Kansas question, which, if he had never spoken before, and should never speak again, would stamp him as one of the clearest thinkers and ablest statesmen of our country. In its presentation of facts, its arraignment of the President, its invective, and its logical conclusions from premises which were established to the satisfaction of every hearer, it was one of the most triumphant arguments ever presented to the American people through the Senate of the United States. Since the palmiest days of the immortal Webster, no such argument has ever been listened to within the walls of the Capital; and were the Great Defender of the Constitution alive, and had he been a listener to this great speech, he would have been the first to have pronounced it alike able, Patriotic and *Conservative*;—aye, as truly *Conservative* as any speech ever made by Daniel Webster himself."

Mr. Greeley writes to the *Tribune*:

This speech will be read by millions, and treasured in myriads of generous hearts. It makes no appeals to international jealousies, to personal aspirations, nor the prejudices of caste, but constantly addresses itself to what is noblest and highest in our common nature. Its gravity befits the immensity of the stake, the blight of the precipice to which Slavery Propagandism and the self-seeking complicity of aspiring politicians are hurrying the American people. But on the brink of that precipice this peril will be averted. I feel surer since listening to Gov. Seward that civil war will be prevented, the Slave Power defeated, and Kansas consecrated to Imperial Freedom.

The N. Y. *Evening Post*, a democratic paper, often opposed to Gov SEWARD, says:

"Some other public men on his side, have been rather chary in committing themselves in regard to the question of the admission of Kansas with its Free State Constitution. They have been calculating the chances for success in the next campaign, and were apprehensive that the people's second thought might not sustain them in making an issue with the administration upon the admission of Kansas, and boldly insisting upon its immediate admission. Meanwhile the Anti Nebraska forces in Congress, by holding back, were falling behind, and disappointing and displeasing their constituents, who wanted them to go up higher. It is the distinction of Mr. Seward, by his elaborate, bold and powerful arraignment of the President and the administration to-day, to have summoned them to that higher position of aggression which the wishes of the people demand.

And the Washington correspondent of the N. Y. *Times* writes:

"It has been my good fortune to hear every speech which Mr. Seward ever made in the Senate of the United States, and I am quite sure, brilliant and forcible as were those of former sessions, his effort of to-day o'ertopped them all.

As I noticed the rapt attention of his auditors, my mind naturally reverted to the period when Mr. Seward first addressed his fellow Senators—now seven years ago. Then those who were opposed to him, blinded by prejudice, would scarcely listen to him with decent respect. To-day, their silent attention evidenced the conviction that the Senator from New York is a gentleman to be heard, and not despised. Mr. Seward has already lived down a mountain of prejudice and calumny, and the little molehill which still remains, is rapidly sinking away in the light of a nation's advancement in knowlege and truth."

LAGER BIER—LIQUID BREAD.—Lager Bier is a great institution. It is no longer monopolized by thirsty Germans; but has become the popular and fashionable beverage of all classes, without distinction of party or nationality. Between the first and second acts of the "Don Giovanni," at the academy last night, as the bar-keeper of the saloon informed us, no less than three hundred and sixty glasses of Lager were drank. Nothing else is called for; and as this is a pure, simple, healthful drink, all the friends of temperance must rejoice to see it superseding the use of "villainous compounds" usually sold in the drinking saloons. It is pleasantly bitter to the taste, and slightly exhilerating to the "nervous system;" but it neither severs the flesh, nor in flames the imagination. And now as we have no more "Prohibition"—not even an Excise Law to check free trade in liquor, we think it well for the friends of temperance to foster the popular taste for Lager Bier, which will soon drive rot-gut rum, camphene brandy, and vitriolic liquors generally entirely out of the market.—*N. Y. Evening Mirror.*

BUILDINGS.—Out on Bluff and the adjoining streets a new dwelling goes up almost every day. The houses are generally small and are forced into existence by the pressing demand for some kind of shelter. Rents have gone up two or three hundred per cent, and the great wants here now are, first, dwelling houses, second houses to live in, and third, places to stay in. The time has come when it will pay to build houses to rent and something in that line must be done at once, or half the people who come here will leave, and the other half will be compelled to live in dry goods boxes.—*Prairie du Chien Voice.*

RADFORD P. O.—We learn that a new Post Office has been established in Lafayette County, seven miles east of Platteville, five North of Elk Grove, and six South of Cottage Inn, on the Mineral Point and Galena route via. Benton, New Diggings and Elk Grove. S. W. Seely is appointed Postmaster. It was intended to call the office Washburn, after our worthy Representative, but that name having been monopolized by the folks at Newman's Mill, it was named Bashford. The office is in the midst of a fine prairie farming region, in a very pleasant neighborhood.—*Platteville American.*

AS A SPRING AND SUMMER MEDICINE.

☞ Carter's Spanish Mixture stands pre-eminent above all others. Its singularly efficacious action on the blood; its strengthening and vivifying qualities; its tonic action on the liver; its tendency to drive all humors to the surface, thereby cleansing the system according to Nature's own prescription; its harmless, and at the same time extraordinary good effects, and the number of cures testified to by many of the most respectable citizens of Richmond, Va., and elsewhere, must be conclusive evidence that there is no humbug about it.

The trial of a single bottle will satisfy the most skeptical of its benefits.

THE ONLY MEDAL AWARDED

BY THE NEW YORK EXHIBITION TO THE English or Foreign Sauce Manufacturers, has been obtained, amongst numerous competitors, by LEA & PERRINS, for their

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health, is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and is esteemed for its tonic and invigorating propert es, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal. I can, with truth, say there is nothing in a traveller's baggage so essential to the comfort, at least in these countries, as your Sauce."

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their Sauce is highly approved in India, and that it is, in my opinion, the most palatable, as well as the most wholesome, Sauce made."

This Sauce is suitable for every variety of dish, and the universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

PASSENGER TO BE A POLICEMAN.—A complaint was tendered by Policeman Fisher, against a man named Conrad Seaman, the officer charging him with having represented himself as being a policeman and arresting a man named Landgraff, and taking from him a $1,00 note of hand due in a short time. The policeman was directed to the District Attorney, but could not find him. The man was at go; the Policeman seeming to think he had no power to detain him in custody, except upon a warrant.

THEATRE.—Thorne's Star Company was greeted again last evening with a fair house, and the performances gave great satisfaction to the audience. The season opens well, and if the managers continue as they have begun, as there is no reason to doubt, they will achieve a great success.

To-night, the performances open with the Vaudeville of "*Who Speaks First?*" with Mr. L. Mestayer as Capt. Charles, Mr. Lelling well as Mr. Militant, Miss Thorne as Mons. Militant, and Mrs. Thorne as Smart. The Comedy of the "*Little Treasure*" concludes, with a full cast, Miss Emily Thorne as Gertrude.

For the Daily Sentinel.

The Commercial College.

Messrs. Editors:—Please permit me, through the columns of your valuable paper, to return my thanks, and to a measure express my heartfelt gratitude to Messrs. Howard, Ronick & Co., for their assiduous attention to me whilst under their instruction. Their efforts to facilitate my studies, are *worthy* of commendation.

I speak for myself, and think they show no partiality, as *all* are attended to in the same courteous manner.—Their Theory for Book-keeping, in my opinion, is unsurpassed by any other Institution of the kind. They teach all that they advertise, and that without boasting. They claim nothing but what they do with satisfaction.

I hereby tender them my sincere thanks, and express an ardent desire for their future prosperity; and may they receive as much benefit from the public, in the same ratio, as I have from them.

I would recommend *all* who wish a thorough knowledge of Book-keeping, together with writing, to take a full course at MESSRS. HOWARD, RONICK & CO.'S Commercial College, No. 216, East Water Street, Milwaukee, where they will meet with due attention.

apr18d4wlt* GEO. G. STILLMAN.

MAZO-MANIE.—A CHANCE FOR SPECULATION.—In our advertising columns will be found a notice of lots and lands for sale at or near Mazo-Manie, in Dane County. This town is on the line of the Milwaukee & Mississippi Rail Road, and is beautifully located. In a few months the cars will be running there, and lots be in brisk demand. Those who buy now will be pretty sure to double their money within a twelvemonth.

FIRE PROOF SAFES.—A trial of Fire Proof Safes is to be had in Chicago on the 1st. of May, under the charge of a Committee of the citizens, with Mr. R. K. SWIFT, as Chairman. Would it not be well for our Safe Makers, BRUNSEN & DUNN, and HOSMER & WAGNER, to send samples to be tested with the rest, if possible?

OUR STREETS AND SIDE WALKS.—Repairs are greatly needed in several of our principal thoroughfares, and the Alderman of the respective Wards ought to have this work done without delay. The side-walks and crossings along East Water Street, through the Third Ward, especially need attention.

HANDSOME RESIDENCE.—The large and spacious house, just erected by Mr. FISHER, on Prospect Street, is for sale, or to let. It is delightfully located, commanding a superb view of the Lake, Bay and city; has ample accommodations for a large family; is fitted up with every convenience, and has pleasant grounds about it. Mr. FISHER is about to visit Europe and would be glad to find a tenant for a year or two.

WEATHER.—If what we had yesterday was weather, the dry goods merchants and humanity generally do not like it. Clouds—tornadoes—of dust filled the streets "from morn till dewey eve," and people looked as if they lived in ashheaps. On the whole, it was not pleasant. The old saying that "every man must eat his peck of dirt," may be true enough, but then we do not want it all in one day. Where is the sprinkler?

REPAIRS NEEDED.—We are requested to call the attention of the 5th Ward Aldermen to the scandalous condition of South Water street, between Reed and Ferry streets. It purports to be planked, but the planks are in full of holes, the gutters want drainage, and the street generally is a disgrace to the Ward.

ICE.—It will be seen that the ice-men, Messrs. KNOBLER & RATTINGER, in order to secure themselves, give notice that they will not furnish ice except on written contract. So those who expect to "keep cool" may as well "step to the Captain's office and settle" the preliminaries.

ACCIDENT.—A German woman passing along West Water Street, yesterday afternoon, was struck on the head by a plank, blown from one of the piles of lumber, and an ugly wound inflicted on her forehead and cheek.

FOR LAKE SUPERIOR.—The well known Steamer *Superior*, will leave this port for Superior on the 24th of this month. For passage, &c, apply to John Griffin, on Huron Street, three doors East of American Express Company's Office.

MORE BUILDING.—The workmen have commenced digging for the foundation of two more buildings immediately north of the Newhall House on Main Street. One is for Mr. GOODRICH as a fruit store, the other is being built for Mr. TWEDY.

NORTHERN WISCONSIN BANKING HOUSE.—We invite attention to the card of Messrs. DARLING, WRIGHT & Co. Their house is the oldest in the northern part of the State, and enjoys a well-earned reputation as one of the best in the State.

FARM FOR SALE.—The Pine Lake Farm, advertised for sale in our paper this morning, is one of the most attractive in the State, and can be had at a bargain.

REAL ESTATE SALE.—The north half of lot 5, Block 43, in the 3d Ward, was sold by J. S. FILLMORE, yesterday, for $750.

RESIDENCES FOR SALE.—CRAMPTON offers for sale a very good and eligibly located brick dwelling house, in the Seventh Ward. See his advertisement.

☞ TERRY has received a supply of new books.

JUST RECEIVED a small assortment of the above named Pistols, together with the cap and ball for the same. These pistols are not only serviceable as a weapon of defence, but are admirably adapted for target exercise.

The cap, ball and powder are all together, and the Pistol can be charged in the same space of time required to place a cap on an ordinary Pistol. There is but little smoke or noise attending the discharge, at the same time the ball is thrown with sufficient force to do great execution. As this style of Pistol is only made with two sizes of bore, no difficulty will be experienced in procuring the caps to fit them.

"This work can scarcely fail of interesting deeply the American reader. Lady Mary lived and wrote in the first half of the eighteenth century, when our land was a component portion of the British empire, and consequently her genius and her fame are ours by inheritance. Her letters will be found valuable as well as amusing, adding the stimulus of history to catch the manners and opinions of English society in high life—then the dominant power of the realm, at the time Benjamin Franklin and his compatriots in this western world were working out the problem of American independence and republic sovereignty."

F. H. LANE'S

PERMANENT GLOSS PAINT.

Important Improvement in Painting!

A PERMANENT GLOSS PAINT for interior work, having been at this season. All poisons prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself; the chemical property that causes rapid as the paint is excluded from the full light of day.

The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or porcelain, to all the different varieties of tint, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

—OF—

TURTON & SERCOMBE,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of —— horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GRADE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash rates.

They are also Agents for LAIDMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of its reputation it has already gained.

Their motto is, "*Excelsior.*"
